The International Institute of Acoustics and Vibration (IIAV) and the Laboratory of Transportation Environmental Acoustics - L.T.E.A. of the Civil Engineering Department of the University of Thessaly, are pleased to invite scientists and engineers from all over the world to attend the 23<sup>rd</sup> International Congress on Sound and Vibration (ICSV23). The ICSV23 will be held in Athens, Greece, from 10 to 14 July 2016 and will be organized by IIAV and LTEA-UTH in cooperation with the Hellenic Institute of Acoustics (HELINA) & the Hellenic Institute of Transportation Engineers. This congress is an important leading event in the area of acoustics and vibration and provides an important opportunity for scientists and engineers to share their latest research results and exchange ideas on theories, technologies and applications in these fields.

## Registration

Registration will be available via the Congress website. The fees are given in Euros €. The full registration fee includes, congress material, admission to all scientific sessions, including the Special Workshop, and exhibition area, coffee breaks, lunches, Welcome Reception, Banquet dinner and a visit to the New Acropolis Museum. Students registration fee includes, congress material, admission to all scientific sessions and exhibition area, coffee breaks, lunches and Welcome Reception. Accompanying persons fee includes Welcome Reception, Banquet dinner, a visit to the New Acropolis Museum and a half day tour to Cape Sounion and Apollo Temple. Special Workshop fee includes admission to the event, the relevant material, as well as admission to exhibition area and coffee breaks for the Workshop day.

## IJAV WEBSITE

[www.iiav.org/ijav](http://www.iiav.org/ijav)

The International Journal of Acoustics and Vibration is the refereed journal of the International Institute of Acoustics and Vibration (IIAV). The IIAV is a non-profit international scientific society founded in 1995. The primary objective of the Institute is to advance the science of acoustics and vibration by creating an international organisation that is responsive to the needs of scientists and engineers concerned with the acoustics and vibration problems all around the world.

Manuscripts of articles and technical notes should be submitted for review electronically in PDF format to the Editor-in-Chief. The full paper handling process is carried out electronically using the IJAV website at [www.iiav.org/ijav](http://www.iiav.org/ijav) — more details can be found on the journal website. Manuscripts are refereed by at least two referees and are reviewed by the Editor-in-Chief before acceptance. On acceptance, revised articles, brief biographies, and photographs of all authors should be submitted to the Managing Editor using the IJAV website. Manuscripts of the articles must be prepared in strict accordance with the author instructions. No honorarium is paid for articles.

All information concerning subscription, new books, journals, conferences, etc. should be submitted to the Editor-in-Chief.

Starting in March 2016, IJAV will become an open access journal and published electronically.

The journal and all articles and illustrations published herein are protected by copyright. No part of this journal may be translated, reproduced, stored in a retrieval system, or transmitted, in any form or by any means, electronic, mechanical, photocopying, microfilming, recording or otherwise, without written the permission of the publisher.
